

Accessibility Report

Audited on	30 June 2026
Page	http://localhost:8000/?action=livre&id=15
Device	Desktop
Guideline	WCAG 2.2 AAA

1 issue found on this page.

This is an automated accessibility audit report that documents every issue detected on this page, mapped to the relevant WCAG standards, to help your team understand, prioritise, and act on them.

Your webpage scored

• Excellent

This page has very few or no issues detected at the time of this audit. Accessibility can be affected by future content and code changes, so continued monitoring is recommended.

Issue Details

This section contains a detailed list of every accessibility issue identified during the audit, along with the specific element it relates to. Each issue includes a description, its severity level, and the WCAG standard it corresponds to. The affected code snippet is also shown for reference.

Text and images of text do not meet minimum contrast ratios

HIGH

WCAG 1.4.3 · Level AA — Contrast (Minimum)

Ensure that the contrast ratio between text (and images of text) and its background meets the minimum contrast ratio thresholds specified in WCAG 2.2 Level AA (4.5:1 for normal text, 3:1 for large text). This rule applies to all text content that is necessary to understand the information being presented. Exceptions may apply to logos, incidental text, or decorative text that doesn't convey meaning.

Affected Elements

```
<div class="w-12 h-12 rounded-md bg-[#00AC66] flex items-center justify-center text-white font-semibold text-xl"> TT </div>
```

```
<span class="text-[#00AC66] text-2xl font-display"> Tom Troc </span>
```

```
<p class="text-xs text-gray-400"> <a href="..?action=livres">Nos livres</a> &gt; Company Of One </p>
```

```
<a href="..?action=livres">Nos livres</a>
```

```
<p class="text-gray-400 text-md mb-7"> par Paul Jarvis </p>
```

```
<div class="text-[#00AC66] font-semibold text-xl"> TT </div>
```
